

August 8, 2016

The board of Cessna Township Trustees opened in regular session on Monday August 8, 2016 at 7:30 pm with the fiscal officer and all trustees present. The minutes from the previous meeting were read along with the presentation of the monthly financial reports. Mr. Long moved to accept all reports as presented. Mr. Hull seconded with all voting aye.

Michael Jones, Senior Right of way Agent, representing the Marathon Pipe Line LLC, was on hand to seek the permission of the board to bore a new pipeline under the following township roads: TR 125, TR 115, TR105, and TR 85. The trustees inquired about the possibility of tile damage during the process. Mr. Jones explained that ant damage to tile or ditches would be repaired by Marathon. He went on to say that any possible repairs could be repaired by a contractor chosen by the township or Marathon, with the township having the option to choose. The board also asked that they be informed when the work would be taking place in order for the trustees to be able to be onsite if needed. Mr. Jones agreed to make sure they would be contacted. Mr. Ault moved to allow the boring. Mr. Long seconded with all voting aye.

It was noted that the township was the recipient of grindings from SR 701 work being done by ODOT at no cost to the township. The board agreed to store the grindings on site for future use as a possible parking lot base and or road repair material.

Mr. Schwemer provided his zoning report with no zoning activity for the month. In non-zoning matters he did note that he had been contacted by mail from Zachary Maisch, attorney from Rumer & Maisch of Lima. Mr. Maisch indicated that he was working with Dean Tracy in the matter of the junk vehicle and vegetation ordinances and was requesting documentation from the township regarding the matter. The board instructed Mr. Schwemer to comply with the request for information and to contact the county prosecutor, asking him to make contact with Mr. Maisch in order to clear up possible confusion that the violations regarding Mr. Tracy are not zoning issues, rather they are ordinances under the Ohio Revised code that were adopted originally in April of 2008 by the township. Mr. Schwemer agreed to contact Mr. Bailey and suggest that he make contact.

The trustees noted that summer pothole repairs were underway with cold patching being applied.

The following voucher packets were presented for board approval and payment:

Check #

3777	Charles Hensel	\$ 29.62	3778	Hardin Cty. Engineer	\$ 191.44
3779	Mid Ohio Energy	\$ 59.99	3780	PNC Bank	\$ 21.18
