

August 9, 2018

The board of Cessna Township Trustees opened in regular session on Thursday, August 9th at 7:00 P.M. at the township hall with the fiscal officer and all trustees present. The minutes from the previous meeting were read along with the presentation of the monthly financial reports. Mr. Long moved to accept all reports as presented. Mr. Vermillion seconded the motion with all voting aye.

The board discussed the progress in the filing of paperwork for the expenses incurred when cleaning up the triangle property on CR90. The fiscal officer noted that he was waiting on paperwork from the zoning officer concerning the final required notifications of those involved with the car that was removed from the property. The zoning officer was asked to complete the paperwork. The trustees also asked about the status of the building on a property on TR 105 that was scheduled to be removed due to zoning regulation violations. The zoning officer was asked to follow up.

The trustees noted that road berming had been completed on TR 74 and 85.

A resident has contacted the township about installing their own cemetery base in Fulton Cemetery. The board asked the individual to provide the trustees with some type of confirmation that they were qualified to do such work.

The fiscal officer noted that the internet at the township office was not working and that he was working with Verizon for a solution.

The following voucher packets were presented for board approval and payment:
